

## **Geometry**

### **Unit: Introduction to Geometry**

#### **Section: Basic Elements of Geometry**

#### **Flash Cards: Points, Lines and Planes**

Directions: Answer the following questions

1. What is a fixed location in space?
2. What is the intersection of two planes?
3. What is named using three letters?
4. What is named using two letters?
5. What is the intersection of two lines?
6. What is the intersection of a line and a plane?
7. What are points that lie on the same line?
8. What are geometric figure that has endpoints?
9. What is named with a capital letter?

Answers:

1. Point
2. Line
3. Plane
4. Line or Line Segment
5. Point
6. Point
7. Collinear
8. Line Segment
9. Point
