

Transformations Unit

Using this study guide will help you prepare for your exam and ensure that you learn the most important content. Keep it in your notebook or computer and take notes as you progress through the unit.

Introduction:

1. What are my unit goals/objectives?
2. My personal goal is to complete this unit by:

Section A: Translations and Reflections

What is a translation?

Describe the different ways (directions) an object can be translated and how each translation changes the coordinates.

There are three notations for a translation. What are they?

What is a reflection?

Describe the different ways a figure can be reflected and how each reflection changes the coordinates.
